

Whos Location

Press Release

WhosOnLocation Growing Fast – looking for expansion Capital

26 September, 2014 - Today we announced our plans to raise up to \$3 million in private equity to accelerate our next phase of growth. One of the great things about WhosOnLocation is that it does not need the investment to survive as the company is on a solid financial footing with a strong customer base around the world.

However, WhosOnLocation has grand plans including accelerating its global footprint, and maintaining it's position as a leading innovator in the people presence management space.

New capital will allow us to increase our service and support capabilities to accommodate a follow-the-sun market, and build on our international reseller and partner programs.

You can read more about our plans here at [NBR](#) and [Scoop](#).
